Why a Grandparents Day Stroll?

In BC there are more than 11,000 children being raised full time by their grandparents (or other relatives). Their stories are varied, but many of the threads are the same: loss, isolation, grief, hardship, love and determination.

Grandparents Raising Grandchildren (GRGs) face complicated bureaucracies – legal, financial, and governmental – that are difficult (and often expensive) to navigate. Poverty is a serious risk (they receive little to no financial support, and often spend what savings they might have on fighting for and supporting their grandkids). They lose friends, and seniors' programming and housing rarely meet the needs of GRG families. The grandchildren are their priority and these children need and deserve, love, stability and all the support possible to ensure they thrive

The Strengthening Families Program is a chance for parents, caregivers and their children to develop their skills as a family. Parents and children learn new skills together and separately. In the parent sessions, focus is on communication, building a stronger relationship with your child and dealing with difficult behaviors. Children and parents then meet for a family session practicing what they have learned. The program runs for 14 weeks. Each session is 2.5hrs and will include a fully prepared nutritious and delicious meal.
